Product description:

CLIMMA COMPACT 3,5 RC NAUTICAL SINGLE-BLOCK AIR CONDITIONER 3500 BTU/h

CLIMMA COMPACT 3,5 RC is a nautical air conditioner in a monoblock unit suitable for use on boats, with a rated cooling capacity of 3500 BTU/h.

The CLIMMA COMPACT 3,5 RC is a nautical conditioner designed to provide an effective and reliable solution for indoor boat air conditioning. Thanks to its cooling capacity, the conditioner ensures optimal comfort in all weather conditions.

The Climma is constructed from materials that are resistant to UV rays and marine corrosion in order to ensure durability. Its compactness, light weight and ease of use make it an ideal option for vessels seeking a comfortable climate and high energy efficiency.

The Climma represents a reliable and high-performance solution for air conditioning in boats. Thanks to its energy-efficient, compact and durable features, this one-piece nautical air conditioner can provide a pleasant and comfortable indoor environment for crew and guests, helping to make the boating experience even more enjoyable and relaxing.

The CLIMMA is the ideal way to keep ambient air cool and clean on boats, thanks to advanced technology designed to deliver reliable performance over time. The system features low noise levels, thanks to noise-dampening technology that minimizes vibration during operation, and a unit design that uses specially selected high-quality materials to ensure long life.

TECHNICAL CHARACTERISTICS CLIMMA COMPACT 3,5 RC

Cooling capacity: 3500 BTU/h / 1000 W
Heating capacity: 3500 BTU/h / 1000 W
Supply Voltage: 230V
Frequency: 50Hz
Operating current consumption: 1.6 / 5.2 A
Fan Speed: 230 m3/h
Refrigerant: R134a
Width: 381 mm
Depth: 204 mm
Height: 224 mm
Net weight: 12 Kg

Product features:

Phase: Single phase
Frequency (Hz): 50
Voltage (V): 230
Maximum flow (m³/h): 230
Refrigerating yield: 3500 BTU/h
Heating power: 3500 BTU/h
Length (mm): 381
Width (mm): 204
Height (mm): 224
Product type: Air conditioner
Coolant: R134a
Weight (Kg): 12
