Product description:

VITRIFRIGO C190MP REFRIGERATOR-FREEZER 190 LT.

The VITRIFRIGO C190MP series is an excellent solution for large pleasure boats. These white built-in refrigerators, available in both single-door and double-door versions, offer ample refrigerated space to meet all needs. With a total capacity of 200 liters and a freezer capacity of 19 liters, the VITRIFRIGO C190MP ensures abundant space for storing food and drinks during long sea voyages. Its compact design and reversible door make it suitable for any interior layout of the boat.

This refrigerator is powered by 12/24Vdc, with the option to use a dual-power control unit for even greater adaptability to different onboard environments. With a nominal consumption of only 56W, it ensures optimal energy efficiency, contributing to extending battery life.

The VITRIFRIGO C190MP series also offers advanced features to ensure maximum hygiene and comfort on board.

The Hygiene Control system provides total protection with new anti-mold and antibacterial seals, while the High Light system ensures high-quality internal lighting for optimal food visibility.

With additional options such as the D Power system, which offers a dual-power control unit for flexible power supply, the VITRIFRIGO C190MP confirms itself as an ideal choice for those seeking a high-quality refrigerator for boats.

Thanks to its practicality, functionality, and reliability, this refrigerator will satisfy even the most demanding sailors.
