Product description:

Conditioner CLIMMA Compact 27CO Cool only

Independent air conditioner Climma Compact 27CO perfect to condition a single room or contiguous environments.

The Climma Compact 27CO air conditioner is specially designed for marine applications, just as all air conditioners in the Climma Compact range are water cooled. Compact, quiet and powerful, the Climma Compact 27CO air conditioner works with environmentally friendly refrigerant and comes with the option of cycle reversal to heat the environment.

The Climma Compact 27CO air conditioner is also available in cold only or electrically heated version.

This version of the Climma Compact 27CO air conditioner is cool only.

For multiple installations with two or more air conditioners, a replay box is also available to use a single sea water pump.

Technical characteristics of the Climma Compact 27CO air conditioner:

Phase type: Three-phase

Voltage: 400 V

Frequency: 50 Hz

Cold capacity: 27000 BTU/h

Duct size: 2x150 mm

Maximum air flow: 2x875 m³/h

Length: 1010 mm

Width: 420 mm

Height: 516 mm

Weight: 100 Kg

Main advantages:

- Independent air conditioning systems from 3500 to 27000 BTU/h
- Ecological refrigerant R410A for maximum efficiency and minimal consumption

- High efficiency ultra-fine gas-air cooler
- Powered and movable fan
- Pre-wired electrical box
- Threaded brass condensate drain and anti-condensation tray with Climma Dry Pan system
- High efficiency condenser

R410a

Ecological refrigerant that does not contain toxic chemicals that damage the ozone layer.

More efficient cooling system due to better heat exchange and less pressure drop.

Product features:

Phase: Three phase

Frequency (Hz): 50

Voltage (V): 400

Maximum flow (m³/h): 2x875

Refrigerating yield: 27000 BTU/h

Length (mm): 1010

Width (mm): 420

Height (mm): 516

Product type: Air conditioner

Coolant: R410A

Weight (Kg): 100
