

DOMETIC SPX1200T

Product description:

DOMETIC SPX1200T ROOF EVAPORATOR

The Dometic SPX1200T ultra-thin evaporator for split air conditioners provides 24 V fresh air during parking. Ideal for space-saving installation under the spoiler or other roof structures, the Dometic SPX1200T roof evaporator is an ultra-slim unit, ensuring low impact on the overall height of the vehicle.

The DOMETIC SPX1200T is installed on the roof to save cabin space. This evaporator is mounted at a height of only 53 mm, the Dometic SPX1200T evaporator is an intelligent solution for cooling the truck cab.

The outer shell can be spray-painted to match the cab cladding. Using the vehicle-specific mounting kit, the Dometic SPX1200T can be easily mounted and removed without leaving any traces.

Depth: 612 mm

Height: 191 mm

Width: 780 mm

Weight: 19.6kg

Input voltage (direct current): 24 V

Starting current - max 0.50 A
