

TELECO CLIMA EVAN 7400H

Product price:

1.324,56 € tax excluded

Product description:

TELECO CLIMA EVAN 7400H AIR CONDITIONER 7200 BTU

TELECO CLIMA EVAN 7400H is the smallest roof air conditioner on the market, only 71cm long and 23cm high, designed especially for camper vans, is the ideal solution to be installed on small roofs without having to remove the porthole.

TELECO CLIMA EVAN 7400H is silent, lightweight and easy to install, it can be fixed on the roof not only through the usual 40x40 cm porthole but also through a reduced hole of 36x36 cm. Technologically advanced, TELECO CLIMA EVAN 7400H has been designed taking into account all the new resources to obtain an Ecologically Clean product.

As a coolant R32 has been used which has the lowest Global Heating Potential (GWP 675) currently existing on mobile air conditioners, this reduces the environmental pollution power by 70% compared to the gases used so far.

TELECO CLIMA EVAN 7400H is equipped with heat pump, giving the possibility to select between cold, hot and automatic function selectable by remote control and timer function.

The TELECO CLIMA EVAN 7400H model is designed for low consumption and can also be connected to a battery through a pure sine wave inverter of at least 1500W (Regime) to be used with the vehicle in motion.

The small, modern design interior speaker, only about 4.2 cm thick, can be easily installed due to its small size. Equipped with a blue multi-function display and LED lights that can be easily switched on and off via the remote control

TECHNICAL CHARACTERISTICS TELECO CLIMATE EVAN 7400H

Cooling power: 7200 BTU / 2.1 kW

Heating power: 6800 BTU / 2.0 kW

Ventilation speed: 3 + CAR

Power supply: 230 V - 50 Hz
Average absorbed current (cold): 4 A
Average Current Consumption (Warm): 4 A
Inrush current: 18 A (100 ms)
Power consumption(cold): 920 W
Power consumption(hot): 920 W
Required generator: 2200 W
Max air flow rate: 370 m³/h
Width: 71 cm
Height: 23.2 cm
Depth: 61.9 cm
Air diffuser height: 4.2 cm
Weight: 31kg

Product features:

Frequency (Hz): 50
Voltage (V): 230
Refrigerating yield: 7200 BTU / 2.1KW
Heating power: 6.800 BTU / 2 kW
Ventilation speeds: 3 + AUTO
Courant de démarrage (A): 18
Absorbed average current, refrigerating (A): 4.0
Absorbed average current, heater (A): 4.0
Inlet power, refrigerating (KW): 0.92
Inlet power, heater (KW): 0.92
Maximum air flow rate (m³/h): 370
Air diffuser height (cm): 4.2
Length (mm): 710
Width (mm): 619
Height (mm): 232
Dry weight (Kg): 31
Type of climate control: Roof Air Conditioner
Recommended vehicle length (m): 5
Product type: Air conditioner
Weight (Kg): 31
