

DOMETIC TEC60EV

Product description:

DOMETIC TEC60EV 6200 KW vehicle power generator and inverter

DOMETIC TEC60EV is a 6.2 kW petrol generator for vehicles; DOMETIC TEC60EV offers 230 V AC whenever mains power supply is not available.

It works in a silent and very efficient way. The pure sine wave voltage and peak power make it suitable for professional use.

Despite the continuous power of 6000 watts, DOMETIC TEC60EV is surprisingly quiet and economical. Like all other generators in the TEC series, the speed is adapted according to requirements.

The proven inverter technology guarantees pure sinusoidal voltage and high performance.

Quality features

- Remote control
- 12 V voltage for battery charger
- Automatic switch-off in case of low oil level
- Electric ignition
- Overload and short circuit protection
- Soundproof housing
- High continuous power
- Suitable as power source for all Dometic air conditioners
- Low consumption
- Remote control for the display of all the parameters of operation
- Powered with unleaded petrol
- Built-in inverter

Technical characteristics DOMETIC TEC60EV

Fuel: Petrol

Phase type: Single-phase
Maximum single phase power (KW): 7
Continuous single-phase power (kW): 6.2
Voltage (V): 230
Output current: 26.90 A
Frequency (Hz): 50
Engine: Honda GX390
Inverter
Consumption (Kg/h): 3.7
Length (mm): 626
Width (mm): 446
Height (mm): 547
Dry weight (Kg): 112

Product features:

Phase: Single phase
Maximum power single phase (KW): 7
Continuous power single phase (KW): 6.2
Fuel: Gasoline
Frequency (Hz): 50
Voltage (V): 230
Engine: Honda GX390
Starting system: Manual / Electric
Consumption (L/h): 3..7
Acoustic power: 91 dB(A)
Acoustic pressure: 66 dB(A) at 7 m
Length (mm): 626
Height (mm): 544
Dry weight (Kg): 112
Silenced: Yes
Super silenced: Yes
Brushes: No
Voltage regulator: Inverter
Engine manufacturer: Honda
