Product description:

EGM ISB4200-SE SINGLEPHASE GENERATOR 4KW

The generator EGM ISB4200-SE **singlephase** is equipped with a gasoline engine capable of delivering **4KW power** with optional AVR voltage regulator.

The singlephase EGM generator ISB4200-SE provides reliable power for home, work and leisure environments Safe power supply of household appliances and other electronic devices Outdoor party solution.

The 4KW generator has a practical double curve handle, foldable to facilitate mobility and storage. The generator is extremely quiet and fuel efficient with an OHV motor.

The inverter is indispensable to make the generator work at its best; in fact, it needs an electronic control system, an Inverter, which guarantees the proper functioning of the machine and of the electrical network underlying it.

TECHNICAL CHARACTERISTICS OF THE SINGLEPHASE GENERATOR EGM ISB4200-SE 4KW

Phase type: Single-phase

Maximum output: 4KW

Continuous output: 3.8KW

Stationary: Fixed

Power supply: Gasoline

Starting: Manual / Electric

Displacement: 223 cc

Voltage: 230 V

Frequency: 50 Hz

Run time at 50% load: 11. 5 h

Tank capacity: 15l
Acoustic power: 67 dB(A) @ 7m
Automatic voltage regulation: Inverter
Length (mm): 557
Width (mm): 464
Height (mm): 478
Dry weight (Kg): 45

If you are looking for another product then you can consult other terrestrial generators in [our catalog](#).

Product features:

Phase: Single phase
Maximum power single phase (KW): 4
Continuous power single phase (KW): 3.8
Fuel: Gasoline
Frequency (Hz): 50
Voltage (V): 230
Starting system: Manual / Electric
Poles: 2
Acoustic pressure: 67 dB(A) at 7 m
Length (mm): 464
Width (mm): 557
Height (mm): 478
Dry weight (Kg): 45
Silenced: Yes
Super silenced: No
ATS Switch device : No
Voltage regulator: Inverter
