## **Product description:**

### **FINI MK 113-200F-9S HONDA MOTORCOMPRESSOR**

The motorcompressor Fini MK 113-200F-9S Honda with a capacity of 200 l can deliver a maximum pressure of 10 bar by means of an MK113 pump with a power of 6,7 KW.

The Fini silenced motorcompressor is composed of powerful pumping units that guarantee very high efficiency and reliability at the highest levels.

The Fini MK 113-200F-9S Honda model with diesel engines Lombardini, resistant structure and low energy consumption.

The models can be connected to an external battery with the use of connection cables (included) allowing an electric start.

The Fini MK 113-200F-9S motorcompressor combines a powerful and reliable unit with a large air reserve, which makes this compressor suitable for all pneumatic accessories that require high air consumption.

The Fini compressor is equipped with large anti-vibration feet for greater stability during operation.

The Lombardini internal combustion engine that conforms to the most stringent emission standards of which this compressor is composed is of great reliability and power, despite low fuel consumption.

The motorcompressor is an efficient way to solve the problem of noise in the working environment, these compressors are distinguished on the market by the lowest noise level in their category. The combination of high quality materials and the highest accuracy in the assembly of the machine ensure quietness, excellent performance and long life.

## TECHNICAL CHARACTERISTICS OF THE FINI MK 113-200F-9S MOTORCOMPRESSOR

Engine: Lombardini

Fuel: Diesel

Pump: MK113

Tank capacity: 200 l

RPM: 1300 RPM

Power: 6.7 KW - 9 HP

Air output: 500 Lt/min - 17.7 cfm

Pressure: 10 bar - 145 psi

BSP: 2"

Length: 1450 mm

Width: 630 mm

Height: 1250 mm

Weight: 138 kg

### Product features:

Engine rpm (rpm): 1300

Power (KW): 6.7

Pressure (bars): 10

Air output (L/min): 500

Mechanical power (hp): 9

Length (mm): 1450

Width (mm): 630

Height (mm): 1250

Dry weight (Kg): 138
