

ITALTOWER MT 70 4x320 W LED

Product price:

2,524.00 € tax excluded

Product description:

The 5.5 and 7m variants combined with the 57,150 or 320W ledlights will allow you to have a wide choice of solutions depending on the application. The lightness of MT-tower, moreover, will allow you to move it easily and thanks to the 4 feet you will be able to illuminate, in every occasion, what you want.

Technical Specifications

- Lighting tower without internal generator with manual lifting system
- 4-section galvanized steel telescopic pole
- Epoxy powder painted structure for outdoor application
- 360° mast rotation
- Wire for powering ledlights with CEE socket
- 4-hole fixing plate for application on a generator or external support
- 4 feet at the base for complete stability

Adjustable and retractable stabilizers

Designed to optimize available container room.

Column steel headlights

Cold electrolytic zinc plating against rust.

Steel lifting cable

Composed by 133 micro-cables anti-torsion. Improving resistance and extending maintenance.

Polizene profiles

To cut down friction and extend components life.

Not binding images and technical data.

Product features:

Phase: Single phase

Frequency (Hz): 50

Voltage (V): 230

Type of lamps: LED

Lamps: 4 x 320 W

Telescopic pole: Vertical

Illuminated area (m²): 4300

Lifting System: Manual lifting system

Maximum height (m): 7

Open size (mm): 2200 x 2200 x 7300

Length closed (mm): 350

Width closed (mm): 350

Height closed (mm): 2500

With generator / Without generator: Without generator

Transportability: Stationary

Stability to wind (Km/h): 60

Weight (Kg): 117
