## Product description:

### VITRIFRIGO TL40L WELL REFRIGERATOR 40lt

VITRIFRIGO TL40L is a plastic thermoformed cockpit refrigerator complete with freezer compartment with a total capacity of 40 liters.

The refrigerator VITRIFRIGO TL40L is equipped with hermetically sealed lids in plastic material and externally with visible insulation material.

The VITRIFRIGO TL40L is very similar to a normal refrigerator and can be placed in a special niche, inside there are a different number of shelves and containers where you can put the food to be preserved.

VITRIFRIGO TL40L offers large storage volumes up to 40 lt maximum and considerable convenience of access at every point. The internal space can be fully exploited thanks to the presence of easily removable baskets.

The cockpit refrigerator VITRIFRIGO TL40L is equipped with a compressor pump group that can deliver a power of about 31 W, thanks to which it can refrigerate in an optimal way a greater quantity of food.

The VITRIFRIGO TL40L thanks to its recessed vertical installation, once properly installed is almost invisible to the eye, thanks to this feature the aesthetics of the vehicle will remain unchanged giving you only the convenience of a refrigeration system on board.
