Product description:

LARIUS ZEUS PLUS ROAD TRACKER

LARIUS ZEUS PLUS is an airless road tracer equipped with a Yamaha petrol engine, capable of delivering a maximum power of 5.5 Hp.

LARIUS ZEUS PLUS is referred to as a "piston pump." A piston pump is a device used for highpressure painting without the aid of air (hence the term "airless"). The internal combustion engine, which is mounted on board the LARIUS ZEUS PLUS, drives the reciprocating piston pump. An eccentric shaft and a connecting rod provide the reciprocating motion necessary for the operation of the piston of the "pumping unit". The movement of the piston creates a depression.

The product is sucked, pushed towards the exit of the LARIUS ZEUS PLUS and sent through the highpressure hose to the gun. An electronic device allows to regulate and control the pressure of the material coming out of the pump. A safety valve against overpressure guarantees the absolute reliability of the equipment.

LARIUS ZEUS PLUS allows the marking and maintenance of all types of stripes on state roads, highways, crosswalks, parking lots, squares and all that is required by the highway code in the field of horizontal signage.

Airless striping has many proven benefits over strippers with pressurized tanks that are obsolete compared to airless technology.

Each model comes complete with:

- Filter with pressure gauge;
- Fitting with pressure gauge;
- 1 High pressure hoses Ø 1/4" M16x1.5 10 m long;
- 1 Suction / recirculation system

- 1 Manual airless gun AT260;
- 1 Super Fast Clean base
- 3 Super Fast Clean bases 11-40 / 13-40 / 15-40
- Carrying case with tools

TECHNICAL FEATURES LARIUS ZEUS PLUS

Combustion engine power: 5 kW - 5.5 Hp

Max flow rate: 3. 5 l/min

Fueling: Gasoline

Motor: Yamaha

Max pressure: 210 bar

Airless nozzle: AT 250

Specified nozzle sizes: 11x40 - 13x40 - 15x40

Colors: 1

Manual spray: standard

Applications: Medium road maintenance plotting jobs

Multipurpose sprayer: standard

Vibrations Leq(8h)=1. 8 m/s²

Length: 1650 mm

Height: 1100 mm

Width: 750 mm

Weight: 105 kg

Are you looking for a street tracker with different features? Here you can find the full range of LARIUS or other brands specializing in the field.

Images and technical data are not binding and may be subject to revisions by the manufacturer.

Product features:

Fuel: Gasoline

Pressure (bars): 210

Length (mm): 1650

Width (mm): 750

Height (mm): 1000

Dry weight (Kg): 105

Drive: Manual

Maximum paint flow rate (Lt/min): 2

Number paint colors: 1

Number of guns supported: 1

Engine manufacturer: Yamaha
