Product description:

LARIUS EVEREST THOR ROAD TRACKER

LARIUS EVEREST THOR is an airless road tracer equipped with a Yamaha gasoline engine, capable of delivering a maximum power of 14 Hp.

LARIUS EVEREST THOR is referred to as a "piston pump." A piston pump is a piece of equipment used for high-pressure painting without using air (hence the term "airless").

The internal combustion engine, mounted on board the LARIUS EVEREST THOR, drives the reciprocating piston pump. An eccentric shaft and a connecting rod provide the reciprocating motion necessary for the operation of the piston of the "pumping unit". The movement of the piston creates a negative pressure.

Thanks to the airless technology LARIUS EVEREST THOR will allow you to have a clear and marked line thanks to the flat cut nozzle and without the jagged effects due to turbulence caused by the air.

LARIUS EVEREST THOR uses non-pre-mixed paints, which allows for a 30% higher yield compared to standard marking. Each model is also an airless sprayer that can also be used in the construction industry with washable products, enamels, breathable paints and resins for flooring.

Each model is complete with:

- Filter with manometer;
- 1 High pressure hose Ø 1/4" connected M16x1.5 of 15 m;
- 1 Piston stroke compensator;
- 1 Suction / recirculation system
- 1 AT260 manual airless gun;
- 2 LA96 automatic airless guns
- 3 Super Fast Clean Base

- Super Fast Clean Base 2 x 13-40 / 2 x 17-40 / 2 x 21-40 / 1 x 19-40
- 1 pole with flashing light;
- 1 speed control panel
- Automatic declutter kit for 2 guns
- Laser pointer kit - 1 work light - operator platform
- Case with tools

TECHNICAL FEATURES LARIUS EVEREST THOR

Combustion engine power: 14 Hp

Max flow rate: 9 l/min

Fuel supply: Petrol

Engine: Yamaha

Max pressure: 230 bar

Airless nozzle: No. 2 AT 250

Power supply: 24 V

Supplied nozzle sizes: 2 x 13x40 - 2 x 17x40 - 2 x 21x40 - 1 x 19-40

Colors: 1

Treatment: Automatic

Applications: Large road maintenance plotting jobs

Multipurpose sprayer: standard

Vibrations $Leq(8h)=1.5 \text{ m/s}^2$

Length: 2000 mm

Height: 1100 mm

Width: 800 mm

Weight: 260 kg

Images and technical data are not binding and may be subject to revisions by the manufacturer.

Product features:

Fuel: Gasoline

Pressure (bars): 230

Length (mm): 2000

Width (mm): 800

Height (mm): 1100

Dry weight (Kg): 260

Maximum paint flow rate (Lt/min): 9

Number paint colors: 1

Number of guns supported: 2

Engine manufacturer: Yamaha
