### **VETUS GHX14TIC MARINE GENERATOR 14KVA**

VETUS GHX14TIC is a single/three phase boat generator with M3.29 diesel powered engine capable of delivering a maximum power of 14KVA.

VETUS GHX14TIC operates at a fixed number of engine revolutions, and can be placed even in small spaces thanks to their compact size. The high quality design, insulation and materials of the generators in this range ensure reliability and durability.

All VETUS GHX14TIC are supplied with the handy digital control panel, with which the user can automatically start or switch off the generator. Thanks to the digital panel, the user can monitor the correct operation of the system in real time.
