

DOMETIC RMD 10.5T DOUBLE DOOR REFRIGERATOR

Product description:

DOMETIC RMD10,5T VEHICLE REFRIGERATOR

DOMETIC RMD10,5T is a new generation refrigerator for use in vehicles, absorption or built-in, to refrigerate food and beverages while traveling.

DOMETIC RMD10,5T consists of a double hinge that allows the door to open on both sides.

DOMETIC RMD10,5T features a sleek aluminum handle that extends the full height of the refrigerator, intuitive controls, temperature-controlled fruit and vegetable compartment and improved refrigeration unit. Best of all, best-in-class performance.

This next-generation absorption refrigerator offers unprecedented convenience: automatic energy source selection (12V, 230V, gas), doors that open on both sides, and a versatile interior with ample storage space. And, above all, the best cooling power in its class!

DOMETIC RMD10,5T is equipped with state-of-the-art CI-bus technology thanks to which you can monitor the refrigerator via a centralized control unit.
