

RENTAL MOBILE AIR CONDITIONER 21000BTU/H

Product description:

AIR CONDITIONER RENTAL 21000BTU/H

The AIR CONDITIONER RENTAL is the most effective and convenient solution to quickly remove heat and humidity from working environments, improving the well-being and efficiency of operators.

Each conditioner is mobile and independent with no need for external units. Therefore, it does not require installation time and costs. A simple click is all it takes to generate a noiseless flow of cold air concentrated on a specific area, both indoors and in specific work areas outdoors, offering high cooling efficiency even at great distances from the unit.

The AIR CONDITIONER RENTAL is equipped with a pair of extendable and flexible conveyors that allow to canalize the cold air at any angle, reaching even difficult and narrow environments with the possibility to cool different areas at the same time.

Included with the rental will be supplied to the hot air hose of diameter 30 cm and length 10 m.

The rental service

Hire an industrial air conditioner has never been easier: choose the product you want to rent and FILL OUT THE FORM

Technical specifications

Cooling capacity: 21000BTU/h
Condenser airflow: 2022 - 2362 m3/h
Evaporator airflow: 790 - 951 m3/h
Cooled area: 50 -70 m2
Condensate tank: 18 l

Voltage: 230V
Frequency: 50 Hz
Phase type: Single phase
Refrigerant: R-410A
Conduit diameter: 30 cm
Width: 523 mm
Length: 670 mm
Height: 1040 mm
Net weight: 90 Kg

Product features:

Voltage (V): 230
Refrigerating yield: 21000BTU/h
Maximum air flow rate (m³/h): 2362
Length (mm): 523
Width (mm): 670
Height (mm): 1040
Product type: Air conditioner
Weight (Kg): 90
