## **Product description:**

MASE MARINER 1750 KS SILENCED SINGLE-PHASE MARINE GENERATOR 17.5 KW

MASE MARINER1750KS single phase silenced marine generator is equipped with a Kubota V2203 diesel engine capable of delivering a maximum power of 17.5 KW at 1500 rpm.

The MASE MARINER1750KS is built with and synchronous alternator, self-excited with air cooling, is extremely compact and powerful, also suitable on small boats.

The MASE MARINER1750KS allows easy access for maintenance of the fuel and lubrication systems, sea water pump, air filter, oil filter and fuel. It is also equipped with safety systems of auto shutdown for low oil pressure and high engine temperature or exhaust gas.

The alternator of the MASE MARINER1750KS is synchronous with 4 poles, self-regulated, self-excited, brushless, which in coupling with the powerful KUBOTA engine can deliver a maximum power of 17.5 KW. The alternator is complete with AVR voltage regulator that ensures the stability of the voltage delivered by the generator, delivering current like the one at home.

The MASE MARINER1750KS marine generator is equipped with a soundproof cabin that makes it super quiet, with a sound emission of 49 dB(A) at a distance of 7 m. The soundproof cabin in painted aluminum is extremely lightweight and of very high resistance to external agents.
