Product description:

ITALTOWER WORKSITE L LED PROJECTOR 50 W BATTERY

ITALTOWER WORKSITE L with battery is a high efficiency LED projector capable of delivering a power of 50 W, for a maximum luminous flux of 5500 lm.

The ITALTOWER WORKSITE L projector is equipped with an anti-reflection lens that is able, despite the surface opacity, to transmit up to 95% of the light emitted by the diodes.

Optionally, the structure can be equipped with a backlight function, which is a rear lamp that allows you to illuminate the surroundings of the projector during construction work.

The battery-operated ITALTOWER WORKSITE L model allows the projector to be used without the cable and with three modes to adjust the light output and lighting duration. The basic supply of each ITALTOWER WORKSITE L contains within it the universal mounting bracket (plastic clamp).

ITALTOWER WORKSITE L TECHNICAL FEATURES:

Luminous flux: 5500 lm

Power: 50 W

Voltage: 220 - 240 V

Frequency: 50 Hz

Maximum battery life 2Ah: 45 min

Maximum battery life 5Ah: 2 h

Input protection class: IP54

Impact protection class: IK10

Weight: 3,3 Kg

BATTERY AND CHARGER NOT INCLUDED (SOLD SEPARATELY)

You can discover the full range of projectors and LED lamps of ITALTOWER in the section dedicated to lamping-systems portable.
