

LTF RP8000 SINGLE PHASE GASOLINE 8 KW AVR

Product description:

The RP8000 three-phase AVR gasoline generator set is ideal for multiple activities both for professional use (thanks also to the AVR voltage regulator) and for hobby use. Simple and handy to use thanks to the folding handles (practical not only for transport but also to optimize storage space) and the bolted heavy duty anti-puncture wheels.

Features:

- Reliable energy for home, work and leisure environments
- Simple installation and operation
- Robustness thanks to strong frame, puncture-proof wheels and hinged handle
- Completely steel structure
- Increased safety, with recessed sockets with snap-on safety covers

The images are purely indicative.

Product features:

Phase: Single phase

Maximum power single phase (KW): 7

Continuous power single phase (KW): 6.5

Maximum power single phase (KVA): 8.75

Fuel: Gasoline

Frequency (Hz): 50

Engine: OHV

Engine rpm (rpm): 3000

Starting system: Pull starter

Length (mm): 715

Width (mm): 540

Height (mm): 595
Dry weight (Kg): 88
