

HONDA OUTBOARD BF 200D XDU TOTAL WHITE EXTRA LONG LEG

147,1KW

Product description:

HONDA OUTBOARD BF 200D XDU TOTAL WHITE EXTRA LONG LEG 147,1KW

Honda BF200D XDU TOTAL WHITE outboard engines are perfect for professional use, they are reliable, compact and lightweight complete with PGM-Fi electronic fuel injection system.

Honda BF200D XDU TOTAL WHITE are optimized to offer more power for a wide range of different boats. The firm, smooth power this advanced technology offers is sure to put a smile on your face as you venture out on the water.

VTEC™ is an efficient system included in the Honda BF200D XDU outboard that keeps fuel consumption down while delivering an exciting increase in power. In the Honda BF200D XDU it works by using two different cams:

- 1) When the engine is running at low rpm, the valves are operated by a cam less aggressively ensuring low fuel consumption and excellent performance.
- 2) As the engine speed increases to 5000 rpm, the VTEC™ system hydraulically operates a cam with a higher lift profile. This keeps the valves open longer, getting more air into the combustion chamber to produce optimum power, just like in a Formula One race car.

Honda BF200D XDU features ECOmo's special poor-blend combustion control system ensures significant fuel economy right through RPM and performance. Honda BF200D XDU TOTAL WHITE models are NMEA2000® compliant.

HONDA BF200D XDU TOTAL WHITE TECHNICAL SPECIFICATIONS

Net Power (kW): 147.1

Net Power (Hp): 200

Displacement: 3583 cm³

Shaft Length: Extra Long

Dry Weight (Kg) : 287

Firing: Electric

Initiation System: Electronic PGM-IG

Control Type: Remote

Engine trim and lift: Electric

Transom height (mm): 635

Length (mm): 920

Width (mm): 660

Height (mm): 1915

Bore x stroke: 89 x 96 mm

Brand Engine: Honda

Engine Type: OHC V6, 4-stroke

Number of cylinders: 6

RPM at full throttle (rpm): 5000-6000

Cooling system: Water

Battery charging capacity (A): 60

Exhaust system: Propeller hub

Propeller rotation: Rotary

Are you looking for an outboard with different technical specifications? [Here](#) you can find the full range Honda or other brands specializing in the field.

The images are purely indicative.

Product features:

Fuel: Gasoline

Engine: Honda OHC V6

Ignition: Electronic PGM-IG

Starting system: Electric

Engine capacity (cm³): 3583

Number cylinders: 6

Cylinders' position: In line

Cooling: Water (with thermostat)

Bore x stroke (mm): 89 x 96

Reduction ratio: 2.00

Rpm at full throttle (rpm): 5000 - 6000

Appearance and engine lifting: Electric

Transom height (mm): 635

Net power (kW): 147.1

Length (mm): 920

Width (mm): 660

Height (mm): 1915

Dry weight (Kg): 287

Shaft Length: X

Controls: Remote
