

HONDA OUTBOARD BF 225D UCRU ULTRA LONG SHAFT 225HP

Product price:

16,815.00 € tax excluded

Product description:

HONDA OUTBOARD BF225D UCRU ULTRA LONG SHAFT MECHANICAL CONTROLS

Honda BF225D UCRU outboard motors are perfect for professional use, they are reliable, compact and lightweight complete with PGM-IG electronic fuel injection system.

Just press the start&stop button to hear the deep, distinctive sound of the V6. Hand on the throttle and off you go, as the revs increase, these Honda outboards combine cruising comfort with exhilarating high-performance thrust with extremely low vibration levels.

Honda BF225D UCRU outboards are optimized to offer more power for a wide range of different boats. The firm, smooth power this advanced technology offers is sure to put a smile on your face as you venture out to sea.

Honda BF225D UCRU are large displacement engines, featuring high torque value, giving you high acceleration and exceptional top speeds. Honda's exclusive BLAST, PGM-FI, VTEC ECOmo and foot-mounted gearbox technologies ensure smooth power delivery with minimal hydrodynamic resistance.

The Honda BF225D UCRU features VTEC™ (Variable Valve Timing and Lift Electronic Control) technology that varies intake valve lift and timing for optimum performance. This technology ensures smooth and stable at all speeds, while increasing valve lift and timing at high speeds to provide a wider and more optimized torque curve.

When fully open, this valve changes the resonance and airflow generating more torque at low RPM. When the throttle valve is fully open and revs increase, the cooling valve closes and creates a direct airflow to the engine. This provides more power above 3500 rpm. Combined with the BLAST system, a disruptive effect is achieved.

The special ECOmo poor-blend combustion control system inside the Honda BF225D UCRU outboard delivers significant fuel economy right through RPM and performance. Once at RPM, the outboard consumes significantly less fuel. Maintaining this RPM and staying there will give the best results.

TECHNICAL SPECIFICATIONS HONDA BF225D UCRU

Net Power (kW): 165.5 Net Power (Hp): 225 Displacement: 3583 cm³ Shaft length: Ultra long

Starter: Electric

Ignition system: Electronic PGM-IG

Fuel supply: PGM-FI (Programmed electronic injection)

Setup and engine lift: Electric Bore x Stroke: 89 x 96 mm

Engine Brand: Honda

Engine Type: OHC, 4 stroke Number of cylinders: V6 VTEC

Speed at full throttle (rpm): 5000-6000

Cooling system: Water

Battery charge capacity (A): 60 Propeller rotation: counter-rotating

Transom height (mm): 762

Length (mm): 948 Width (mm): 660 Height (mm): 2043 Dry weight (Kg): 291

Are you looking for an outboard with different technical characteristics? <u>Here</u> you can find the full range of Honda outboards or other brands specializing in the field.

The images are purely indicative.

Product features:

Fuel: Gasoline Engine: OHV

Ignition: Electronic PGM-IG Starting system: Electric Engine capacity (cm³): 3583

Number cylinders: 6

Cooling: Water (with thermostat)

Bore x stroke (mm): 89 x 96

Reduction ratio: 2.00

Rpm at full throttle (rpm): 5000 - 6000 Appearance and engine lifting: Electric

Transom height (mm): 762 Net power (kW): 165.5

Width (mm): 660 Height (mm): 2043 Dry weight (Kg): 291 Shaft Length: U

Controls: Remote
