

ECOFLOW RIVER PRO EXTRA BATTERY 720 WH

Product description:

ECOFLOW RIVER PRO EXTRA BATTERY 720 WH

The battery additional connects to the Ecoflow RIVER Pro to double the capacity of the unit from 720Wh to 1440Wh, connecting the two batteries charge/discharge in unison, maintaining the battery percentage level on both units.

The Ecoflow RIVER Pro can power some devices up to 1800W with X-Boost, which can power about 80% of home appliances and do-it-yourself tools. For optimal use of the product, use devices under 1200W.

The Ecoflow River Pro is constructed of high-quality, durable materials, ensuring durability even under the most demanding conditions. It is lightweight and compact, making it easy to transport and use in a variety of settings.

The EcoFlow River Pro is designed with a number of additional features that make it a versatile option for portable power. It has a built-in inverter that enables it to convert direct current (DC) to alternating current (AC) to power devices that require a household outlet. This means you can use the Ecoflow River Pro to power appliances, power tools and other devices that you would normally plug into a wall outlet.

This portable power station offers fast and flexible charging via solar panel, home power outlet, or car cigarette lighter socket. This keeps the battery charged at all times, regardless of circumstances.

The supplementary battery weighs 7.3 kg, making them portable and easy to carry. The RIVER Pro + extra battery can be easily stored in the trunk of a car, at a campsite or at home, giving you the power you need to tackle your adventure anywhere.

TECHNICAL FEATURES:

Capacity: 720Wh
Cell Chemistry: Lithium-ion
Cycle life: 800
Width: 288 mm
Length: 180 mm
Height: 210 mm
Net weight: 7.3 kg
