Product description:

LIGHT TOWER RENTAL 66,000 Lm - GLOBE LED LIGHTS

LIGHT TOWER equipped with 12 LED lamps capable of delivering a total light power of 500W, thanks to which it can illuminate an area of 3216 m².

The 66,000 lumen Lightglobe is a perfect lighting fixture for night work and on-site interventions, such as temporary site lighting, industrial maintenance or emergency lighting.

Equipped with a multi-lamp system that allows the balloon to continue operating in the event of a lamp failure.

The Light Tower comes complete with: complete balloon, 1 carrying bag, 1 user manual, 1 bag repair kit. Optional rod and sandbags.

The Light Tower line is equipped with wifi and bluetooth connection, it can be controlled via a dedicated app, downloadable on both IOS and android, giving you the possibility to make different adjustments including light intensity, flashing light and many other adjustments .

The rental service Turin and Italy

Hiring a generator has never been easier: choose the product you want to rent and FILL OUT THE FORM .
