

# FIRMAN SDG30FS GENERATOR 33KVA THREE-PHASE SUPER SILENT

Product price:

**7.080,00 € tax excluded**

## Product description:

FIRMAN SDG30FS GENERATOR 33KVA THREE-PHASE SUPER SILENT

The FIRMAN SDG30FS three-phase generating set is equipped with a FIRMAN FD4100DY diesel-powered engine, capable of delivering a power of 33KVA complete with a **Compound voltage regulator** and automatic control panel.

This generator is equipped with **electric, manual or automatic start** with a 12 V battery, and is equipped with a **FIRMAN HGM4020N control unit** which allows you to view all the electrical parameters of the engine and generator, of the functions, status of the generating set, managing the entire group and displaying, if any, system errors or alarms. The groupset has low fuel consumption, in fact it consumes only 5.6 litres/hour at 75% of the load, combined with a large tank of 65 liters of maximum capacity, it will give you an autonomy of around 11 hours.

This group is equipped with a soundproofed cabin, made of 20/10 thick carbon steel, folded and electro-welded, with protection class IP23 and which can be opened in two sections. This cabin allows an incredible reduction of noise pollution, to the point of making it **supersilenced**. The generator set guarantees efficient and silent operation thanks to the FIRMAN FD490DY engine, which allows for the delivery of a maximum power of 33KVA.

## TECHNICAL FEATURES FIRMAN SDG30FS:

Phase type: Three-phase  
Continuous power: 30 KVA / 24 KW  
Maximum power: 33 KVA / 26 KW  
Engine: FIRMAN FD4100DY  
Power supply: Diesel  
Engine speed: 1500 rpm

Regulation of revolutions: Mechanical  
Emissions standard: Stage Zero  
Starter: Electric  
Voltage regulator: Compound  
Voltage: 400 V  
Frequency: 50 Hz  
Socket panel: Terminal box  
Tank capacity: 65 l  
Consumption at 75% of the load: 5.69 l/h  
Autonomy at 75% of the load: 11.45 h  
Length: 2050 mm  
Width: 750 mm  
Height: 1090 mm  
Net weight: 820 kg

#### **Product features:**

Phase: Three phase  
Maximum power three phase (KW): 26  
Continuous power three phase (KW): 24  
Maximum power three phase (KVA): 33  
Continuous power three phase (KVA): 30  
Fuel: Diesel  
Frequency (Hz): 50  
Voltage (V): 400  
Engine: FIRMAN FD4100DY  
Emissions Regulations: Stage Zero  
Engine rpm (rpm): 1500  
Speed governor: Mechanical  
Starting system: Electric  
Number cylinders: 4  
Cylinders' position: In line  
Fuel tank capacity (L): 65  
Consumption (L/h): 5.69 at 75% of load  
Running time (h): 11.45 at 75% of load  
Length (mm): 2050  
Width (mm): 750  
Height (mm): 1090

Dry weight (Kg): 820

Silenced: Yes

Super silenced: Yes

ATS Switch device : No

Voltage regulator: Compound

Engine manufacturer: FIRMAN
