Product description:

ELC LUMAPHORE 5 METER STANDS WITH WINCH

ELC offers 3 tripod models specially designed for using LUMAPHORE. With an electro-galvanized finish, the tripods are sturdy and offer great stability. The 4 and 5 meter models feature an adjustable foot for use on an inclined plane.

A tripod projector combines practicality and functionality. and ease; of use. Ideal for using the projector in the best possible conditions, this accessory makes it possible to effectively illuminate all areas of intervention. At ELC France, we offer you a robust construction site tripod that complies with CE standards.

The tripods have been designed to be compatible with the LUMAPHORE. The latter ensures low-energy, high-quality lighting for any room. thanks to the LEDs used. moreover easy to use, simple to transport and compliant with the new CE standards. These mobile solutions also have an inclination adjustment for maximum safety.
