

KOHLER GEN SEP 3"

Product price:

800,00 € tax excluded

Product description:

KOHLER GEN SEP 3"

KOHLER GEN SEP 3 is an essential component for your boat's exhaust system, specifically designed to divert exhaust gases and cooling water to separate outlets. This model, the Gen-Sep 3", is ideal for a compact and high-performance installation.

Main Features:

Advanced Functionality: Optimizes the management of exhaust fluids by separating gas and water.

Quiet: Contributes to significant noise reduction, providing additional acoustic attenuation.

Rugged Construction: Constructed from Class 1 flame-retardant epoxy vinyl ester resin and corrosion-resistant E-glass. The materials and construction employ CNC filament winding and Resin Transfer Molding techniques to ensure durability and reliability.

Compact Dimensions (for model 3"):

Inlet/Outlet (A1): 3.00 inches (76 mm).

Exhaust (A2): 1.50 inches (38 mm).

Height (H): 21.0 inches (533 mm).

Width (J): 18.0 inches (457 mm).

Depth (K): 7.13 inches (181 mm).

Certifications: Approved by Lloyd's Register Type Approval and with a UL94V-0 flame resistance rating.

Installation Flexibility: Available in standard white, with additional color options on request.

Compatibility: Must be used in conjunction with a Vernalift™ muffler for optimal operation.
