

# WHISPER M-SQ PRO 32 MARINE GENERATOR 32KVA SINGLE- PHASE/THREE-PHASE AVR

Product price:

**31.976,00 € tax excluded**

## Product description:

WHISPER M-SQ PRO32 MARINE GENERATOR SINGLE/THREE-PHASE 32KVA AVR

WHISPER M-SQ PRO32 marine generator Single / three-phase with diesel-powered Mitsubishi S4S engine, delivers a power of 32KVA, **complete with AVR and EBS voltage regulator.**

The WHISPER M-SQ PRO32 marine generator is designed for the marine generator. equipped as standard with a robust acoustic enclosure with anti-corrosion metal plating and heavy insulation material for optimal sound reduction. Hearing protection is a must. equipped with easy access to all sides of the marine generator WHISPER M-SQ PRO32 and offers access to all maintenance-related components from one side only.

The WHISPER M-SQ PRO32 marine generator is the perfect choice for you. equipped with **DSE 7420 MKII** control module which monitors speed, frequency, voltage, current, oil pressure, coolant temperature and fuel level, the modules display warnings, shutdown and the condition of the engine. All information is clear and easy to read on the backlit LCD screen. The module offers a variety of inputs, outputs and motor protections, so the system can easily adapt to a wide range of applications.

Thanks to the AVR technology electrical stabilizer that works at very low distortion, WHISPER M-SQ PRO32 delivers constant current loads without voltage peaks that could damage electrical and electronic devices. Another advantage of the inverter is; that of working with variable engine revolutions, based on the need; of current to be supplied, optimizing fuel consumption, gas emissions and wear of mechanical parts.

All WHISPER M-SQ PRO32 marine generator are set to automatically operate air

conditioning/heating systems, heavy tools, compressors, cookers, lights, refrigeration and cooling systems, computers and more. All at the same time, depending on the load.

## VOLTAGE REGULATOR

WHISPER M-SQ 32 equipped with AVR which, mounted on an alternator, allows a generator set or current generator to stabilize the output voltage and does not damage the connected sensitive electronic devices. In the modern market, inverters have made a huge step forward in terms of technology and performance; for this reason the best brands of generator sets and alternators in the world are moving along this line of thought.

### Technical features WHISPER M-SQ PRO32:

Phase type: Single-phase / Three-phase

Maximum power: 32 KVA / 27 KW

Continuous power: 32 KVA / 27 KW

Fuel: Diesel

Voltage: 230/400 V

Frequency: 50 Hz (60 Hz)

Engine: Mitsubishi S4S

Emissions standard: Not Emissions

Number of cylinders: 4

Engine speed: 1500/1800 rpm

Acoustic power: 58 dBA

Fuel consumption: 6 l/h at 100% load

Voltage regulator: AVR + EBS

Length: 1555 mm

Depth: : 749 mm

Height: 805 mm

Net Weight: 640 Kg

WHISPER M-SQ PRO32 is high quality, perfect for a wide range of applications. Its ultra-quiet operation, built-in Genverter, compact size, reliability and durability make it an excellent choice for boat and yacht owners who need reliable power on board.

### Product features:

Phase: Single phase / Three phase

Maximum power three phase (KW): 32  
Continuous power three phase (KW): 27  
Maximum power three phase (KVA): 32  
Continuous power three phase (KVA): 27  
Fuel: Diesel  
Frequency (Hz): 50 (60 on request)  
Voltage (V): 230 / 400  
Engine: Mitsubishi S4S  
Emissions Regulations: Not Emitted  
Engine rpm (rpm): 1500/1800  
Number cylinders: 4  
Cooling: Indirect  
Consumption (L/h): 6 at 100% of the load  
Acoustic pressure: 58 dB(A)  
Length (mm): 1555  
Width (mm): 749  
Height (mm): 805  
Dry weight (Kg): 640  
Silenced: Yes  
Super silenced: Yes  
Product type: Generator  
Voltage regulator: AVR + EBS  
Engine manufacturer: Mitsubishi
