## **Product description:**

### UNIMEC AGRICULTURAL FLATBED 700KG

Unimec is an Italian company specialized in the production of mechanical components and systems for a wide range of industrial applications. Among the solutions offered by Unimec, the Agricultural flatbed Kg 700 is a high-quality and durable product, ideal for transporting heavy loads in the agricultural field.

The Unimec Agricultural flatbed Kg 700 is made with high-quality materials, including high-strength steel, which ensures maximum robustness and durability. The 700 kg load capacity of the flatbed makes it suitable for transporting a wide range of materials, including crops, tools, fertilizers, and equipment.

Unimec offers a complete after-sales service to its customers, with a wide range of original spare parts and accessories available to ensure the maximum efficiency and reliability of its products. Additionally, Unimec is a company that focuses on innovation, quality, and customization of its products to meet the specific needs of its customers.

The Unimec Agricultural flatbed Kg 700 can be mounted on tracked mini-transporters or other suitable vehicles, offering a wide range of applications in the agricultural field. Thanks to its robust structure and versatility, this agricultural flatbed is an ideal solution for agricultural companies that need a high-quality product capable of supporting heavy loads.

Unimec is a leading company in the industry and offers a wide range of solutions for the agricultural field and beyond. With its experience and expertise, Unimec is able to offer customized and reliable solutions for the specific needs of its customers.

In summary, the Unimec Agricultural flatbed Kg 700 is an excellent choice for agricultural companies looking for a high-quality and durable product for transporting heavy loads. Thanks to its robustness, versatility, and the availability of a complete after-sales service, Unimec is a

reference company in the industry, capable of offering customized and reliable solutions for the needs of its customers.
