### **BIEMMEDUE SUPER 200/21 DIESEL HYDROCLEANER FLOW RATE 1260 l/h**

BIEMMEDUE SUPER 200/21 is a pressure washer with a Diesel engine dedicated to professional and industrial cleaning capable of delivering both hot and cold water at a pressure of 200 bar.

With a maximum pressure of 200 bar and a water flow of 1260 liters per hour, it can remove dirt and stains from even the most difficult surfaces.

The machine is equipped with a Diesel engine that allows it to be used anywhere without the need for an electrical outlet. It also has a detergent tank, which allows the cleaner to be applied precisely and evenly.

The Biemmedue Super 200/21 pressure washer is designed for long life and great reliability. The machine also has a number of safety features, including a water shortage protection system and an automatic shut-off system in case of overload. The gun is equipped with a safety locking device, which prevents accidental release of pressure.

The Biemmedue Super 200/21 pressure washer is easy to use, thanks to its sturdy wheels that make it easy to move around. It also has an easy starting system and an ergonomic handle, making it comfortable to use even for prolonged periods.
