Product description:

WHISPER M-SQ PRO 15 MARINE GENERATOR 15KVA SINGLE-PHASE/THREE-PHASE AVR

WHISPER M-SQ PRO15 Single / three phase marine generator with Kubota V1505 BG diesel-powered engine delivers 15KVA power, complete with AVR voltage regulator.

WHISPER M-SQ PRO15 comes standard with a robust acoustic capsule with anti-corrosion metal plating and insulation material for optimal sound reduction. The acoustic pod has easy access to all sides of the marine generator and provides access to all maintenance-related components from one side.

The Whisper M-SQ Pro15 is designed to work efficiently and reliably in marine environments due to its rustproof, corrosion-resistant, and saltwater-resistant construction. In addition, the WHISPER M-SQ PRO15 marine generator is very quiet and offers low emission of pollutants, ensuring to provide an environmentally sustainable solution.

AVR VOLTAGE REGULATOR

WHISPER M-SQ PRO15 is equipped with AVR, which, mounted on an alternator, allows a generator to stabilize the output voltage and does not ruin the connected sensitive electronic devices. In the modern market, AVRs have taken a huge step forward in technology and performance; therefore, the world's top genset and alternator brands are moving along this line of thinking.

An important feature of the SQ Pro range is the 7-inch color touch screen control that will be

linked with WhisperCare. This allows complete control of the M-SQ Pro15 system. A perfect solution for instant and/or historical information with an attractive display.

DeepSea Control Features (Optional)

- Group parallel functionality included (ask for more details)
- Provides secure and easy offsite monitoring (optional)
- Allows you to quickly resolve fault conditions and provide instant system information to aid in preventive maintenance
- Graphic displays showing, graphs, meters, power display, graphs and engine status information
- The information is displayed clearly and in a universal format for all users
- Language of your choice

Technical characteristics WHISPER M-SQ PRO15:

Phase Type: Single Phase / Three-Phase

Maximum Power: 15.6 KVA / 12.5 KW

Continuous Power: 15 KVA / 12 KW

Fuel: Diesel

Voltage: 230 V

Frequency: 50 Hz (60 Hz)

Engine: Kubota V1505 BG

Emissions standard: Not Emissions

Number of cylinders: 4

Engine speed: 1500 rpm

Power acoustics: 55 dBA

Voltage regulator: AVR

Length: 1145 mm

Depth: 625 mm

Height: 690 mm

Net weight: 410 Kg

Product features:

Phase: Single phase / Three phase

Maximum power three phase (KW): 12.5
Continuous power three phase (KW): 12
Maximum power three phase (KVA): 15.6
Continuous power three phase (KVA): 15
Fuel: Diesel
Frequency (Hz): 50 / 60
Voltage (V): 230
Engine: Kubota V1505 BG
Emissions Regulations: Not Emitted
Engine rpm (rpm): 1500
Number cylinders: 4
Cooling: External radiator cooling
Acoustic pressure: 55 dB(A)
Length (mm): 1145
Width (mm): 625
Height (mm): 690
Dry weight (Kg): 410
Silenced: Yes
Super silenced: Yes
Product type: Generator
Voltage regulator: AVR
Engine manufacturer: Kubota
