Product description:

OSMOSEA CLASSIC 240L NAUTICAL/LAND FACILITIES WATERMAKER 480 LT/H

The OSMOSEA CLASSIC 240L watermaker is a one-piece reverse osmosis plant equipped with 2 carbon 4040 vessels, capable of supplying up to 480 lt/h of fresh water.

The OSMOSEA CLASSIC 240L watermaker is designed to remove salt and other impurities from seawater or brackish water, ideal for use aboard boats and yachts, but can also be used in other situations such as campgrounds, mountain lodges, and isolated homes.

The OSMOSEA CLASSIC 240L is equipped with a high-pressure pump, which pushes seawater through the membrane, once purified it is then stored in a special tank, ready for use.

The watermaker is capable of producing up to 480 liters of purified water per hour, depending on salinity conditions and ambient temperature. The system is also equipped with automatic sensors and controls to ensure safe and efficient operation.

The OSMOSEA CLASSIC 240L watermaker can remove 99.4 percent, making it safe for consumption. Thanks to salt removal, the water tastes neutral and can be used for drinking, cooking and washing.

An excellent choice for those looking for a reliable and high-quality desalination system, due to its production capacity this watermaker can meet the needs of a wide range of users, both at sea and on land. In addition, the system is designed to be easy to operate and maintain, with a number of built-in safety features to ensure maximum protection for the user and the system itself.

TECHNICAL FEATURES OSMOSEA CLASSIC 240L

Production: 480 lt/h
Daily Production: 11520 lt/day
Vessel Number: 2
Vessel Type: 4040 in Carbon
Membranes: high efficiency
Prefilters: 30 micron + 5 micron
Postfilter: activated carbon
Salt expelled: 99.4%
Pressure adjustment: Manual
Salinity monitoring: Automatic
Maximum use salinity: 50000 ppm
Power supply voltage: 110 / 230 / 400 V
Frequency: 50 / 60 Hz
Installed power: 3.37 KW
Frame: STAINLESS STEEL
Length: 1327 mm
Width: 524 mm
Height: 440 mm
Net weight: 83 kg

Product features:

Frequency (Hz): 50 / 60
Power (W): 3370
Length (mm): 1327
Width (mm): 524
Height (mm): 440
Dry weight (Kg): 83
Feed Type: 110 / 230 / 400 V
Production for hour at 25°C (Lt/h): 480
Daily production at 25°C (Lt/day): 11520
Remote panel: Analogic
