## Product description:

### **WEBASTO BLUECOOL S-16 SINGLE-BLOCK NAUTICAL AIR CONDITIONER 16000 BTU/h**

Webasto BlueCool S-16 is a nautical air conditioner in a monoblock unit suitable for use on boats, with a rated cooling capacity of 16000 BTU/h.

The Webasto BlueCool S-16 is a nautical air conditioner designed to provide an effective and reliable solution for indoor air conditioning in boats. Thanks to its cooling capacity, the air conditioner ensures optimal comfort in all weather conditions.

The BlueCool S-16 is built with materials that are resistant to UV rays and marine corrosion to ensure a longer service life. Its compactness, light weight and ease of use make it an ideal option for boats seeking a comfortable climate and high energy efficiency.

The Webasto Bluecool S-16 marine air conditioner is the ideal way to keep ambient air cool and clean on boats with advanced technology designed to deliver reliable performance over time. The system features low noise levels, thanks to noise-dampening technology that minimizes all vibrations during operation and a unit design that uses high-quality materials that have been pre-selected for durability.

Webasto BlueCool S-16 uses environmentally friendly refrigerant R410A, which has low greenhouse gas emissions and meets international environmental standards. This makes it a sustainable choice for those who want a high-quality, environmentally friendly air conditioning system.
