

STAR COOLER SC25000 MOBILE AIR CONDITIONER 25000BTU/H

Product price:

3.545,00 € tax excluded

Product description:

STAR COOLER SC25000 MOBILE AIR CONDITIONER 25000BTU/H

STAR COOLER SC25000 mobile air conditioner is the most effective and convenient solution to quickly remove heat and humidity from working environments, improving the well-being and efficiency of operators.

Each STAR COOLER SC25000 is mobile and independent with no need for external units. Therefore, it does not require installation time and costs. A simple click is all it takes to generate a noiseless flow of cold air concentrated on a specific area, both indoors and in specific work areas outdoors, offering high cooling efficiency even at great distances from the unit.

The STAR air conditioner is equipped with a pair of extendable and flexible conveyors that allow to canalize the cold air at any angle, reaching even difficult and narrow environments with the possibility to cool different areas at the same time.

Technical specifications of STAR COOLER SC2500

Cooling capacity: 25000BTU/h
Condenser air flow: 2009 - 2497 m3/h
Evaporator air flow: 985 - 1104 m3/h
Cooled area: 60 - 80 m2
Condensate tank: 18 l
Voltage: 230 V
Frequency: 50 Hz
Phase type: Single phase
Refrigerant: R-410A
Duct diameter: 40 cm

Width: 560 mm
Length: 730 mm
Height: 1300 mm
Net weight: 96 Kg

Product features:

Voltage (V): 230
Refrigerating yield: 25000BTU/h
Maximum air flow rate (m³/h): 2497
Length (mm): 560
Width (mm): 730
Height (mm): 400
Product type: Air conditioner
Weight (Kg): 96
