Product description:

WEBASTO BLUECOOL C-27 NAUTICAL CHILLER AIR CONDITIONER 27000 BTU/h

Webasto BlueCool C-27 is a nautical air conditioner in chilled water unit (chiller) suitable for use on boats, with a rated cooling capacity of 27000 BTU/h.

The Webasto BlueCool C-27 is a nautical air conditioner designed to provide an effective and reliable solution for indoor air conditioning in boats. Thanks to its cooling capacity, the air conditioner ensures optimal comfort in all weather conditions.

The Webasto BlueCool C-27 is a water chiller that uses a refrigeration circuit to cool water and then distributes it through a system of pipes and fans. This method of cooling offers many advantages, including quiet operation and even distribution of cool air inside the boat.

The chiller air conditioner can provide cooling to different areas of the boat, allowing the temperature in each room to be adjusted separately. This provides precise control of thermal comfort and the ability to meet the individual preferences of each passenger on board.

The Webasto BlueCool C-27 marine air conditioner is the ideal way to keep ambient air cool and clean on boats with advanced technology designed to deliver reliable performance over time. The system features low noise levels, thanks to noise-dampening technology that minimizes all vibrations during operation and a unit design that uses high-quality materials that have been pre-selected for durability.

The WEBASTO BLUECOOL C-27 comes complete with:

electronics
blower

Touch Screen remote panel with 4.5 m cable

TECHNICAL CHARACTERISTICS WEBASTO BLUECOOL C-27

Cooling capacity: 27000 BTU/h / 7900 W

Heating Capacity: 27000 BTU/h / 7900 W

Power Supply Voltage: 230V

Frequency: 50 / 60 Hz

Operating current consumption: 8.6 / 9.2 A

Minimum cold water flow rate: 19 l/min

Ø cold water connection: 1"

Ø seawater connection: 3/4"

Minimum seawater flow rate: 21 l/min

Max. permissible ambient temperature: 45 °C

Refrigerant: R410a

Refrigerant quantity: 750 g

Width: 440 mm

Depth: 330 mm

Height: 360 mm

Net weight: 45Kg

Product features:

Phase: Single phase

Frequency (Hz): 50

Voltage (V): 230

Refrigerating yield: 27000 BTU/h / 7900W

Heating power: 27000 BTU/h / 7900W

Absorbed average current, refrigerating (A): 8.6 / 9.2

Length (mm): 440

Width (mm): 330

Height (mm): 360

Product type: Air conditioner

Coolant: R410A

Weight (Kg): 0.4
