Product description:

VITRIFRIGO C90i VEHICLE FRIDGE-FREEZER 90l WITH AIRLOCK

The VITRIFRIGO C90i is a refrigerator and freezer with a total capacity of 90 liters available in two colors, complete with AIRLOCK system.

The VITRIFRIGO C90i offers a range of temperature control options, allowing you to set the desired temperature for the refrigerator and freezer to suit your needs. This allows food to be stored at appropriate temperatures for increased freshness and quality.

The VITRIFRIGO C90i's design features a reversible door, allowing it to be easily adapted to your surroundings and personal preferences. Internal LED lighting makes it easy to identify and retrieve food even in low light.

The VITRIFRIGO C90i is designed to be compatible with different power sources, such as in-vehicle power supply or external power supply. This allows it to be used in a variety of situations, such as during road trips, camping or boating.

The VITRIFRIGO C90i is a vehicular cooler-freezer with a capacity of 90 liters, designed to provide a storage solution for food and beverages during road trips. Equipped with Airlock technology, it provides effective thermal sealing and energy efficiency.

The 90-liter capacity of the VITRIFRIGO C90i provides ample space to store a variety of foods and beverages, allowing you to keep products fresh and frozen while traveling. You can organize food inside with adjustable shelves and storage compartments, optimizing available space.

Airlock technology built into the VITRIFRIGO C90i plays a crucial role in the refrigerator-freezer's thermal insulation. It consists of a special gasket that hermetically seals the door, preventing

temperature loss and maintaining a constant internal temperature. This helps to reduce energy consumption and ensure optimum energy efficiency.

TECHNICAL FEATURES VITRIFRIGO C90i

Total capacity litres: 90

Freezer capacity litres: 9.1

Net weight: 22 Kg

Power supply: 12/24Vdc (also available with bivalent 12/24Vdc - 100-240Vac 50/60Hz)

Nominal consumption: 45W

Total width: 470 mm

Total height: 622 mm

Total depth: 557 mm

Panel colour: black / grey

Also available in "fridge only" version (without freezer compartment): no

Reversible door: yes

Looking for a cockpit refrigerator with different technical characteristics? Here you can find the full range VITRIFRIGO or other specialized brands.

Product features:

Input power (W): 12/24Vdc (also available with bivalent control unit 12/24Vdc - 100-240Vac 50/60Hz)

Length (mm): 470

Width (mm): 557

Height (mm): 622

Dry weight (Kg): 22

Power consumption (W): 45

Product type: Compressor refrigerator

Colour: black / grey

Capacity of the refrigerator (L): 90

Freezer (L): 9.1

Reversible door: Yes
