3.010,00 € tax excluded

Product description:

SEO 50 TANK FOR FLAMMABLE LIQUIDS 4900 LITRE

SEO 50 Tank: A complete solution for flammable liquids

The SEO 50 Tank is a robust, certified solution designed for the safe storage and dispensing of flammable liquids. With a substantial capacity of 4,900 litres, this tank system comes complete with everything needed for immediate operation.

Each SEO 50 Tank package includes a dispensing unit, a key component for the controlled and efficient transfer of liquid. For added safety and environmental protection, a containment basin is also included, designed to prevent spills and leaks.

To ensure compliance and ease of use, the SEO 50 Tank is delivered with all the necessary documentation: an identification plate, a complete manual and all relevant certifications.

Technical Features:

Capacity: 4,900 Liters

Approval: D.M. November 22, 2017

Category: C (for flammable liquid)

Tank diameter: 1600 mm

Tank length: 2530 mm
