

SCHENKER WIKI 30 PORTABLE WATERMAKER 30 L/H

Product price:

4.556,00 € tax excluded

Product description:

SCHENKER WIKI 30 PORTABLE WATERMAKER 30 L/H

The watermaker Schenker Wiki 30 is a reverse osmosis plant equipped with 1 carbon 2521 vessel, capable of supplying up to 30 l/h of fresh water.

With a production capacity of 30 litres per hour, the Schenker Wiki 30 watermaker is an ideal option for those looking for a reliable source of fresh water without the need for complex installations. Its portable nature allows it to be put into operation in a matter of minutes, easily connecting the hoses to the sea and the vessel's tank via convenient quick-connect fittings.

One of the key advantages of the Wiki 30 is its ease of use and versatility. Operating at 12-24 V and consuming only 110 Watts thanks to a state-of-the-art energy recovery system, the Schenker Wiki 30 watermaker is highly energy efficient. A practical and durable bag holds the entire watermaker, making it easy to stow in a limited space such as a locker. An additional bag contains the connection pipes, contributing to the practicality of the system.

The watermaker is particularly suitable for charter or racing boats, where flexibility and ease of use are essential. The Schenker Wiki 30 also proves to be a reliable partner for those who wish to have a backup source of fresh water on board without the complexity of a permanent installation.

CARATTERISTICHE TECNICHE SCHENKER WIKI 30

Production: 30 l/h

Daily production: 720 lt/day

Vessel number: 1

Vessel type: 2521

Membranes: High performance Tri-polyamide

Pressure regulation: Automatic

Salinity monitoring: Automatic

Supply voltage: 12 / 24 Vdc

Installed power: 110 W

Length: 715 mm

Width: 228 mm

Height: 310 mm

Weight: 26 kg

Product features:

Length (mm): 715

Width (mm): 228

Height (mm): 310

Feed Type: 12 / 24 V

Production for hour at 25°C (Lt/h): 30

Daily production at 25°C (Lt/day): 720

Membranes: n.1 2.5" x 21"

Remote panel: Digital touch screen

Product type: Watermaker

Weight (Kg): 26
