Product description:

VITRIFRIGO C220DP DOUBLE DOOR REFRIGERATOR-FREEZER 220 Lt.

The VITRIFRIGO C220DP is a refrigerator with a freezer compartment, offering a total capacity of 220 liters and a double door design, suitable for use on boats.

The VITRIFRIGO C220DP refrigerator-freezer represents an excellent solution to meet food storage needs, providing a total capacity of 220 liters, including 44 liters dedicated to the freezer function. This appliance has been designed to provide all the comforts of home even on large recreational boats, offering ample refrigerated space for efficient storage of food and beverages.

One of the distinctive features of this refrigerator-freezer is its high-powered lighting system. The unit is equipped with an internal lighting system that includes a high-brightness ceiling light. This solution ensures uniform and bright lighting in every corner of the VITRIFRIGO C220DP, facilitating easy identification and access to stored items.

Furthermore, hygiene is a top priority with the VITRIFRIGO C220DP. The interior walls of the refrigerator are treated with silver ions, a natural solution that inhibits the growth of mold and bacteria, thereby preserving the integrity of the stored food. The refrigerator's gaskets are innovative and equipped with antimicrobial and antibacterial properties, helping to keep the exterior surfaces of the refrigerator clean and safe.

The robustness and quality of construction are evident in every detail of the VITRIFRIGO C220DP.

Durable and resistant materials ensure that this refrigerator-freezer can withstand the challenges of the marine environment,

resisting corrosion and adverse marine conditions.

The double-door arrangement of the VITRIFRIGO C220DP allows for easy organization and separation of food items at different temperatures.

This versatility is particularly useful for those who wish to maintain order and control over their supply of food and beverages.

TECHNICAL SPECIFICATIONS VITRIFRIGO C220DP:

Total capacity litres: 220

Freezer capacity litres: 44

Net weight: 43.5 Kg

Power supply: 12/24Vdc (also available with bivalent 12/24Vdc - 100-240Vac 50/60Hz)

Nominal consumption: 56W

Total width: 540 mm.

Total height: 1445 mm.

Total depth: 545 mm.

Reversible door: yes

Product features:

Length (mm): 545

Width (mm): 540

Height (mm): 1445

Dry weight (Kg): 43.5

Feed Type: 12/24Vdc (disponibile anche con centralina bivalente 12/24Vdc - 100-240Vac 50/60Hz)

Product type: Frigo-Freezer

Capacity of the refrigerator (L): 220

Freezer (L): 44

Nominal consumption: 56W

Reversible door: Yes
