Product description:

DOMETIC COOLAIR RTX2000 Air conditioner 2000W 12V

DOMETIC COOLAIR RTX2000 Stationary air conditioner, 1,700 W, 12v

One of the most popular stationary-use truck air conditioners, now also available in a 12V version for vans, trucks and special vehicles. This Dometic 1,700 W roof-mounted stationary use Dometic RTX2000 air conditioner, designed as a single unit, boasts low noise, cooling power and energy efficiency. Easy installation and operation, with four operating modes: Auto, Eco, Boost or Manual.

A very common sight in parking areas: drivers of heavy vehicles leaving their engines running for hours, to keep the Dometic RTX2000 air conditioner running or recharge the batteries during the break. A very bad behaviour, harmful to the environment and also illegal. Massive amounts of wasted fuel that fleet operators of fleets pay dearly and faster engine deterioration. The DOMETIC COOLAIR RTX2000 for stationary use reduces operating costs. How important it is for fleet owners to ensure that driver and cargo arrive safely at their destination, so it is essential to improve safety at work. The CoolAir range includes powerful compact Dometic RTX2000 air conditioners and a modular split system for complicated installation conditions.

Technical specifications DOMETIC COOLAIR RTX2000:

Air conditioning type: Rooftop air conditioner

Cooling power: 2000W, 12V

Length: 860 mm

Width: 645 mm

Height: 308 mm

Weight: 32 Kg

Easy and clean assembly:

Universal mounting kit available.

Low noise:

Low noise and vibration thanks to the inverter-driven compressor.
