

Generator FullElectric EcoPower EP4548

Product description:

Generator FullElectric EcoPower EP4548 Battery energy storage system

Generator FullElectric EcoPower EP4548 energy storage system saves you money and reduces pollution

ZERO emissions, ZERO noise, ZERO liquids

FullElectric EcoPower Generator EP4548 is an energy storage system that can operate independently or in combination with solar energy, the grid and generators.

Thanks to its innovative technology, the FullElectric EcoPower Generator EP4548 guarantees zero emissions, zero noise and zero liquids, offering you a sustainable and environmentally friendly solution.

Advantages of the EcoPower FullElectric Generator

Energy saving: FullElectric EcoPower Generator allows you to reduce your energy consumption, thanks to its ability to store energy produced from renewable sources or the electricity grid.

Reduction of emissions: Generator FullElectric EcoPower EP4548 helps reduce air pollution, thanks to its zero emissions.

Flexibility: FullElectric EcoPower Generator can be used in a variety of applications, from residential to industrial.

Applications of FullElectric EcoPower Generator EP4548

FullElectric EcoPower EP4548 generator is ideal for a wide range of applications, including:

Emergency power supply: FullElettric EcoPower EP4548 generator can provide power in the event of a blackout, ensuring continuity of service.

Reactive energy compensation: FullElettric EcoPower EP4548 generator can help improve the stability of the electricity grid by compensating the reactive energy produced by inductive loads.

Exchanging energy with the grid: FullElettric EP4548 generator can be used to exchange energy with the electricity grid, resulting in an economic gain.

FullElettric EcoPower EP4548 generator: the sustainable solution for your future

FullElettric EcoPower EP4548 generator is the ideal solution for those who want to save money, reduce pollution and use energy sustainably.

Technical data FullElettric EcoPower EP4548 generator:

Rated power: 45 KVA

Storage capacity: 48 KWh

Frequency: 50 Hz

Voltage: 400 volts

Weight: 1150 kg

Dimensions: 1650x1180x1900 mm

Battery type: LINMC

Quantity: 2

Cycles @ 90%=6000

Recharge Time: 20-90%=1.1Hr/20-100%=1.25Hr

FullElettric EcoPower EP4548 generator is like having your own personal power reserve that you can use when you need it, without having to depend on the mains.

FullElettric EcoPower EP4548 generator is an investment that will pay you back over time, thanks to energy cost savings and reduced carbon emissions.

FullElectric EcoPower EP4548 generator is the smart choice for those who want to live more sustainably and responsibly.

image purely indicative.

Product features:

Phase: Three phase

Continuous power three phase (KW): 48

Continuous power three phase (KVA): 45

Fuel: Batteria

Frequency (Hz): 50

Battery type: LINMC

Length (mm): 1650

Width (mm): 1180

Height (mm): 1900

Super silenced: Yes

Weight (Kg): 1150

Recharge times: 20-90%-1.1Hr/20-100%-1.25Hr

Voltaggio: 400volt

modalità UPS: Yes
