Product description:

VITRIFRIGO TL35RF TOP LOADING REFRIGERATOR

The Vitrifrigo TL35RF is a top loading fridge with a total capacity of 34 litres specifically designed for Volvo truck trucks.

The Vitrifrigo TL35RF is a 34lt cockpit fridge specifically designed for Volvo truck trucks. This device is ideal for truck drivers who need to store fresh food and drinks during their road trips.

With its 31-litre capacity, the Vitrifrigo TL35RF offers ample storage space to meet the storage needs of drivers. It can easily accommodate bottles, cans, snacks and other food products that require refrigeration.

The Vitrifrigo TL35RF is designed to be durable and reliable, so it can withstand the vibrations and stresses typical of road use. Its compact and robust design fits perfectly inside trucks or cars, offering easy installation and convenient use.

Equipped with an advanced control system, the Vitrifrigo TL35RF allows you to easily adjust the desired temperature inside the fridge. This keeps food fresh and drinks cold throughout the journey.

The Vitrifrigo TL35RF vehicle fridge is highly energy efficient, offering excellent performance without consuming too much energy. This is especially important for truck drivers or those on long journeys who want to maximise fuel efficiency and reduce operating costs.

In addition, the Vitrifrigo TL35RF is equipped with a sealed door, which ensures an excellent seal and prevents the dispersion of cold. This helps to maintain a constant internal temperature and prevent the entry of hot air from outside.

TECHNICAL CHARACTERISTICS VITRIFRIGO TL35RF:

Total capacity: 34 litres
Frequency: 50 / 60 Hz
Net weight: 15 Kg
Voltage: 12/24 V
Nominal consumption: 28 W
