Product description:

VITRIFRIGO CFR24 XR OCX2 FRIDGE-FREEZER

The VITRIFRIGO CFR24 XR OCX2 fridge-freezer is an excellent solution for keeping your food fresh and frozen while traveling or in any other situation where you need to store your products at a controlled temperature.

Crafted with high-quality stainless steel, the VITRIFRIGO CFR24 XR OCX2 is a fridge-freezer boasting an elegant and modern design, with a square door that fits perfectly in any environment.

Its total capacity of 24 liters makes it ideal for meeting your storage needs.

Thanks to its LED digital thermostat, you can easily set the desired temperature inside the VITRIFRIGO CFR24 XR OCX2, choosing from a range that goes from +10°C to -18°C. This flexibility allows you to adapt the fridge-freezer to your specific needs, quickly switching between modes as needed.

With a nominal consumption of just 60W, the VITRIFRIGO CFR24 XR OCX2 is energy-efficient, allowing you to save energy while keeping your food fresh and frozen. Additionally, its 12/24Vdc power supply makes it suitable for use in various contexts, from your car to the camper or boat.

The Steelock closure system ensures reliable airtightness, keeping the cold air inside and preventing unwanted leaks.

The double door position allows easy access from both inside and outside, while the ventilation function prevents the formation of unpleasant odors during the fridge's inactivity.

The VITRIFRIGO CFR24 XR OCX2 is equipped with a remote unit, allowing you to control and

adjust the temperature remotely,
offering even more convenience and flexibility in your applications. Whether you're traveling by car, boat,
or simply need a reliable fridge-freezer for your home or office, the VITRIFRIGO CFR24 XR OCX2
series is the perfect choice for keeping your food fresh and frozen wherever you go.

Technical Specifications VITRIFRIGO CFR24 XR OCX2:

Total capacity liters: 24
Net weight: 15 Kg
Power supply: 12/24Vdc (also available 12/24Vdc - 100-240Vac 50/60Hz)
Nominal consumption: 60W
Total width: 416 mm
Total height: 546 mm
Total depth: 433 mm
Internal temperature range: +10 -18°C

Product features:

Input power (W): 12/24Vdc (also available 12/24Vdc - 100-240Vac 50/60Hz)
Length (mm): 433
Width (mm): 416
Height (mm): 546
Dry weight (Kg): 15
Product type: Fridge Freezer
Colour: Stainless steel
Nominal consumption: 60W
Internal temperature: +10 -18°C
