Product description:

VITRIFRIGO C60iA With cold-storage plate

The VITRIFRIGO C60i is incorporated as an internal cooling element within the renowned AIRLOCK series.

With the VITRIFRIGO C60i AIRLOCK, the door closure takes on an innovative character, designed to simplify and integrate various functions, thus ensuring a product that is increasingly functional and easy to use.

The VITRIFRIGO C60i AIRLOCK offers:

- A positive door closure, thus avoiding accidental openings.
- A unique fixing profile (optional) for both versions: total recessed (inside) and partial recessed (outside).
- Door reversibility, made quick thanks to careful design.
- An integrated "vent position" system to keep the refrigerator door slightly ajar, preventing the formation of unpleasant mold odors during inactive periods.

The fresh line of VITRIFRIGO C60i refrigerators, freezers, and freezer units stands out for its essential and elegant bicolor design, available in Light Grey (pearl gray) and Black. The matte finish of the door panel adds a touch of sophistication.

Here are the technical specifications of the VITRIFRIGO C60i:

- Total capacity: 60 liters
- Freezer capacity: 10.2 liters
- Net weight: 20 kg
- Power supply: 12/24Vdc (optional: dual power unit 12/24Vdc - 100-240Vac 50/60Hz)
- Nominal consumption: 40W
- Dimensions: width 470mm, height 622mm, depth 457mm
- Panel color: black/gray

- Also available in the "fridge-only" version (without freezer compartment) (only C60i version)
- Reversible door: yes
- Equipped with the Airlock system, with the option to add the optional profile
- Easy custom system for simple panel customization
- New high-intensity LED lighting system (LED light)
- Optional D power: dual power unit 12/24Vdc - 100-240Vac 50/60Hz
- Available upon request in the "fridge-only" version

The VITRIFRIGO C60i represents a versatile and innovative solution for refrigeration and preservation needs.

Looking for a refrigerator with different technical characteristics? [Here](#) you can find the full range VITRIFRIGO or other specialized brands.

Product features:

Input power (W): 12/24Vdc (also available with bivalent control unit 12/24Vdc - 100-240Vac 50/60Hz)

Length (mm): 457

Width (mm): 470

Height (mm): 622

Dry weight (Kg): 20

Power consumption (W): 40

Colour: black / grey

Capacity of the refrigerator (L): 60

Freezer (L): 10.2

Reversible door: Yes
