Product description:

VITRIFRIGO DW180 OCX2 BTX IM REFRIGERATOR-FREEZERS

The VITRIFRIGO DW180 OCX2 BTX IM is a double-compartment fridge-freezer, part of the DW OCX2 - NEW series of stainless steel drawer refrigerators and freezers. This series features a revamped design with a squared satin stainless steel door and a glossy top, ensuring both aesthetic appeal and functionality. With a total capacity of 144 liters, including 80 liters in the upper compartment and 64 liters in the lower compartment, this fridge-freezer offers ample space for storing food and beverages.

The innovative Steelock closure system, available only with the door inside profile of the VITRIFRIGO DW180, combines design and technology for secure and efficient sealing. The DW OCX2 series provides optimized ventilation thanks to the recessed grooving in the fixing profile, ensuring ideal air circulation and preventing the formation of molds and unpleasant odors. The Steelock handle is equipped with a vent position, allowing ventilation during periods of non-use.

Featuring LED light for perfect internal illumination, an internal icemaker (excluding DW100) for an advanced user experience, and an LED thermostat for precise temperature setting, the VITRIFRIGO DW180 offers enhanced convenience. Optionally available is the D power system, enabling flexible power supply at 12/24Vdc or 100-240Vac 50/60Hz. The sturdy drawers offer durability and capacity for optimal food organization.

The VITRIFRIGO DW180 OCX2 BTX IM combines advanced functionality and elegant design, ensuring reliable and versatile performance for your food preservation needs. With its ability to adapt to both Door Inside and Door Outside configurations,

it provides a versatile solution for any domestic or professional environment.

Technical Specifications VITRIFRIGO DW180 OCX2 BTX IM:

Total capacity litres: 144

Upper compartment capacity litres: 80

Lower compartment capacity litres: 64

Net weight: 61 Kg

Power supply: 230Vac (115Vac optional)

Nominal consumption: 168W (115Vac) - 140W (230Vac)

Total width: 666 mm.

Total height: 881 mm.

Total depth: 601 mm.
