Product description:

VITRIFRIGO TL160RF CHEST FREEZER

The VITRIFRIGO TL160RF is a cockpit fridge with an internal cooling unit, specifically designed to meet the food preservation needs on boats such as yachts and boats. With a total capacity of 160 liters, the TL160RF offers ample storage space to keep food fresh during long sea voyages.

The robust and sturdy design of the VITRIFRIGO TL160RF makes it suitable to withstand the most challenging marine conditions, ensuring maximum durability and reliability over time. Its internal cooling unit ensures uniform and efficient cooling, maintaining a constant internal temperature even in variable marine environments.

Weighing 29 kg, the VITRIFRIGO TL160RF is lightweight and easy to install onboard, offering a practical and convenient solution for food preservation needs.

Its 12/24Vdc power supply makes it compatible with common electrical systems found on boats, ensuring reliable operation in any situation.

Additionally, it is also available with a dual-power unit 12/24Vdc - 100-240Vac 50/60Hz, offering further flexibility in power supply.

With a nominal power consumption of only 43W, the VITRIFRIGO TL160RF ensures optimal energy efficiency, minimizing its impact on the boat's electrical system. Its overall dimensions of 526 mm in width, 752 mm in height, and 725 mm in depth allow for easy installation in various onboard space configurations.

In summary, the VITRIFRIGO TL160RF is the ideal choice for those seeking a reliable and spacious cockpit fridge for use on yachts and boats. With its generous 160-liter capacity, the VITRIFRIGO TL160RF stands out as a leading solution in the cockpit fridges and freezers sector,

ensuring safe and efficient food preservation during sea adventures.

TECHNICAL CHARACTERISTICS VITRIFRIGO TL160RF:

Total capacity litres: 160

Net weight: 29 Kg

Power supply: 12/24Vdc (also available with bivalent 12/24Vdc - 100-240Vac 50/60Hz)

Nominal consumption: 43W

Width: 526 mm.

Height: 752 mm.

Depth: 725 mm.

Internal temperature at 25°C ambient: 4°C

Indoor temperature at 30°C ambient: -12°C (C160BT model)

The Vitrifrigo TL43 is an ideal solution for those who want a compact and lightweight refrigerator-freezer for installation in a motorhome or caravan. It is a reliable and efficient product that guarantees quiet operation and even cold distribution.

Product features:

Length (mm): 725

Width (mm): 526

Height (mm): 752

Dry weight (Kg): 29

Feed Type: 12/24Vdc (disponibile anche con centralina bivalente 12/24Vdc - 100-240Vac 50/60Hz)

Product type: Frigorifero a Pozzetto

Capacity of the refrigerator (L): 160

Nominal consumption: 43W

Inside temperature at 25°C ambient: 4°C

Inside temperature at 30°C ambient: -12°C (model C160BT)
