

WHISPER Piccolo GV3K PLUS MARINE GENERATOR

Product price:

13,460.00 € tax excluded

Product description:

WHISPER Piccolo GV3K Plus MARINE GENERATOR

The WHISPER Piccolo GV/3K Plus MARINE GENERATOR is a concentrate of state-of-the-art technology and engineering, designed to provide clean, quiet power to boats, yachts and ships of all sizes.

With a continuous output of 12 kW and the ability to connect up to 3 DC PowerCubes, the Piccolo GV/3K Plus offers a versatile and scalable solution to meet the needs of any on-board electrical system.

Here are some of the advantages that make the WHISPER GENERATOR MARINE Piccolo GV/3K Plus the ideal choice for your boat:

Three-cylinder Kubota D1105 diesel engine: reliable, efficient and quiet for a relaxed boating experience.

Indirect cooling system: keeps the engine at optimal temperatures, minimising noise.

Permanent magnet alternator (PMA): generates clean power with an exceptionally low noise level.

Efficiency and reliability:

Unique Genverter technology: adjusts engine speed according to load, optimising fuel consumption and efficiency.

Compliant with IMO Tier II emissions regulations: minimises environmental impact.

Automatic start system: ensures immediate and uninterrupted power delivery.

Versatility and flexibility:

Adjustable 12 kW power: adapts power delivery to your specific needs.

Compatible with a wide range of batteries: choose the one you want.

choose the most suitable solution for your electrical system.

Wide range of accessories available: customise the system to suit your needs.

The WHISPER MARINE GENERATOR Piccolo GV/3K Plus is the ideal choice for anyone looking for a reliable, quiet and versatile marine generator.

With its high power, efficiency and ease of installation, the Piccolo GV/3K Plus will provide you with peace of mind while you sail.

For more information, visit the Whisper Power website or contact an authorised dealer.

Power and Performance:

Continuous power (24/48 VDC): 12 kW

Number of DC PowerCubes: 3

Nominal voltage/frequency: 24/48 VDC

Charging characteristics: bulk, absorption, float

Noise level:

Noise level: 54 dB(A) at 7 m, 65 dB(A) at 1 m

Motor Type: Permanent magnet generator (PMA)

Diesel engine: Kubota D1105

Cylinder volume: 1,123 cc (three cylinders)

Bore and stroke: 87 × 78.4 mm

Air consumption: 1.43 m³/min

Cooling system: indirect

Fuel consumption (no load - full load): 1.5-4 l/hour

Starter battery: 12 VDC / 40 A

Dimensions and Weight:

Length x width x height (cabinet): 875 x 570 x 690 mm

Length x width x depth (DC PowerCube): 575 x 221 x 316 mm

Dry weight (cabinet + DC PowerCube): 210 kg + DC PowerCube

Discharge:

Dry drain / wet drain: Ø 1 inch BSP / Ø 40 mm

Oil level dipstick:

Position: Top and side

Maximum operating angle:

25° in all directions

Control panel:

Standard start/stop panel: DDC

Optional: 2nd start/stop panel, 7-inch touch panel

Product features:

Fuel: Diesel

Voltage (V): 48

Engine: Kubota D1105

Engine rpm (rpm): 1500 ... 2500 rpm, adjustable

Engine capacity (cm³): 1.123

Number cylinders: 3

Product dimensions (mm): 875 x 570 x 690

Shop name

Dry weight (Kg): 210

Silenced: Yes

Product type: Generator

Engine manufacturer: Kubota
