### **Product description:**

#### VITRIFRIGO VF65P PORTABLE FRIDGE-FREEZER

The VITRIFRIGO VF65P, part of the renowned Vfree series, is a portable fridge-freezer designed for special installations, particularly suited for yachts and boats.

With a total capacity of 65 liters, the VITRIFRIGO VF65P provides ample storage space to keep food fresh and frozen during sea voyages.

This product is powered by both 12/24Vdc DC voltage and 100-240Vac AC voltage, ensuring flexibility in power supply. With a nominal consumption of just 55W, it boasts excellent energy efficiency, resulting in savings on energy costs.

Measuring 455 mm in width, 560 mm in height, and 710 mm in depth, the VITRIFRIGO VF65P strikes an optimal balance between storage capacity and compactness. Its C energy class and internal temperature range from +10°C to -22°C ensure optimal food preservation.

The intuitive control panel, removable cover, and internal LED light make using the VITRIFRIGO VF65P extremely convenient even in low-light conditions. The Dual power system allows seamless transition between DC and AC power, ensuring continuous and reliable operation.

Furthermore, the presence of a removable basket offers optimal organization of the internal space, keeping food items tidy and easily accessible.

In conclusion, the VITRIFRIGO VF65P is the ideal choice for those seeking a versatile and reliable fridge-freezer

for yachts and boats. With its advanced features, compact dimensions, and energy efficiency, it represents a secure investment to ensure optimal food preservation during sea adventures.

#### **Technical Specifications VITRIFRIGO VF65P:**

Total capacity litres: 65

Net weight: 23 Kg

Power supply: 12/24Vdc - 100-240Vac 50/60Hz

Nominal consumption: 55W

Total width: 455 mm.

Total height: 560 mm.

Total depth: 710 mm.

Energy class: C

Internal temperature range: +10°C / -22°C

Looking for a cockpit refrigerator with different technical characteristics? Here you can find the full range VITRIFRIGO or other specialized brands.

#### **Product features:**

Length (mm): 710

Width (mm): 455

Height (mm): 560

Dry weight (Kg): 23

Feed Type: 12/24Vdc - 100-240Vac 50/60Hz

Product type: Portable and special installation fridge-freezers

Capacity of the refrigerator (L): 65

Energy class: C

Nominal consumption: 55W

Internal temperature: +10°C / -22°C
