Product description:

VITRIFRIGO VFD95 PORTABLE FRIDGE-FREEZER

The VITRIFRIGO VFD95, belonging to the Vfree Plus series, is a portable fridge-freezer suitable for special installations, ideal for yachts and boats. With a total capacity of 95 liters and a net weight of 28 kg, this appliance offers versatility and practicality. It can be powered by 12/24Vdc or 100-240Vac at 50/60Hz, with a nominal consumption of 80W, ensuring an energy efficiency of class F.

The overall dimensions of the VITRIFRIGO VFD95 are 1005 mm in width, 465 mm in height, and 571 mm in depth. The internal temperature range varies from +20°C to -20°C, offering the necessary flexibility to store various types of food and beverages.

The VITRIFRIGO VFD95 is equipped with a wire basket and a digital LCD control panel called Total Control, allowing access to all functions intuitively. Additionally, it offers the convenience of remote control via smartphone and improved internal visibility thanks to the LED light, which also helps reduce energy consumption.

The VITRIFRIGO VFD95 comes with several additional options to adapt to specific user needs. The Double power function is included as standard and provides a cable for the 12/24Vdc cigarette lighter and an external power supply of 100-240Vac. Furthermore, options such as Super energy, which includes a removable lithium-ion battery of 15600 mAh for additional power, and Max protection to protect the fridge during outdoor use, are available. Another optional feature is the Solar kit, which includes a portable solar panel of 100/200W to charge the 15600 mAh battery.

In summary, the VITRIFRIGO VFD95 is a versatile and high-performance fridge-freezer, ideal for use in marine environments or other special contexts, offering a range of advanced functionalities to meet the needs of even the most demanding

users.

Technical Specifications VITRIFRIGO VFD95:

Total capacity litres: 95

Net weight: 28 Kg

Power supply: 12/24Vdc - 100-240Vac 50/60Hz

Nominal consumption: 80W

Total width: 1005 mm.

Total height: 465 mm.

Total depth: 571 mm.

Energy class: F

Internal temperature range: +20°C / -20°C

Product features:

Length (mm): 571

Width (mm): 1005

Height (mm): 465

Dry weight (Kg): 28

Feed Type: 12/24Vdc - 100-240Vac 50/60Hz

Product type: Portable and special installation fridge-freezers

Capacity of the refrigerator (L): 95

Energy class: F

Nominal consumption: 80W

Internal temperature: +20°C / -20°C
