Product description:

VITRIFRIGO FANCOIL WMF011WF11

The VITRIFRIGO Fancoil WMF011WF11 is a versatile and reliable unit designed for air conditioning, perfect for a wide range of applications.

Known for its efficiency and reliability, the Fancoil WMF011WF11 offers superior performance to ensure a comfortable environment in any setting.

This unit is part of the renowned VITRIFRIGO product line, a leader in the field of conditioning systems. With its advanced technology and innovative design features, the VITRIFRIGO Fancoil WMF011WF11 represents a top choice for those seeking a high-quality cooling solution.

The VITRIFRIGO Fancoil WMF011WF11 is designed to operate on standard 230V/1ph/50Hz power, offering unparalleled installation flexibility. With a width of just 471 mm, a height of 272.5 mm, and a depth of 319 mm, this VITRIFRIGO WMF011WF11 is compact and easily fits into a variety of spaces.

One of the distinctive features of this VITRIFRIGO Fancoil WMF011WF11 is its ability to discharge treated air upward or laterally, offering ducting options that allow for optimal air distribution. This versatility enables customization of the airflow to meet specific environmental needs.

With a treated air flow rate of 440 mc/h and a nominal capacity of 11,180 BTU/h, the VITRIFRIGO WMF011WF11 delivers powerful and efficient performance, ideal for maintaining comfortable temperatures in various-sized environments. Despite its high performance, energy consumption is optimized, with a current draw of only 0.70 A and power consumption of 159 W, ensuring efficient and cost-effective operation in the long term.

In summary, the VITRIFRIGO Fancoil WMF011WF11 is the ideal choice for those seeking a reliable, efficient air conditioning system suitable for a wide range of applications. With its combination of high performance, versatility, and compact design, this VITRIFRIGO Fancoil WMF011WF11 stands out as a superior quality solution in the air conditioning market.

Technical specifications VITRIFRIGO Fancoil WMF011WF11:

Power supply: 230V/1ph/50Hz
Width: 471 mm.
Height: 272.5 mm.
Depth: 319 mm.
Processed air flow rate (mc/h): 440
Nominal capacity (BTU/h): 11,180
Absorbed current (A): 0.70
Power consumption (W): 159

Product features:

Length (mm): 319
Width (mm): 471
Height (mm): 272.5
Power consumption (W): 159
Feed Type: 230V/1ph/50Hz
Absorbed current (A): 0.70
Portata aria trattata (mc/h): 440
Rated capacity (BTU/h): 11180
