Product description:

VITRIFRIGO FANCOIL WMF017WF21

The VITRIFRIGO Fancoil WMF017WF21 is an innovative and reliable product designed to meet air conditioning needs across various contexts, particularly in the maritime sector.

This VITRIFRIGO Fancoil, part of the prestigious VITRIFRIGO product range, stands out for its versatility and superior performance.

With advanced technology and innovative design, the WMF017WF21 is an ideal choice for those seeking high-quality air conditioning.

Designed to ensure optimal comfort even in demanding conditions, the VITRIFRIGO Fancoil WMF017WF21 is enhanced by water circulation, making it ideal for marine applications like yachts and boats.

With the ability to discharge treated air upward or frontally with ducting, the VITRIFRIGO WMF017WF21 offers installation flexibility and optimal air distribution for customized comfort.

Technical specifications include a wide 230V/1ph/50Hz power supply, compact dimensions of 625mm in width, 383.5mm in height, and 352mm in depth. Despite its compact size, this Fancoil delivers impressive performance, with a treated air flow rate of 650 mc/h and a nominal capacity of 16,980 BTU/h.

In terms of energy efficiency, the VITRIFRIGO WMF017WF21 stands out with low consumption, drawing only 0.38A and consuming 87W, ensuring cost-effective and sustainable operation in the long term.

In conclusion, the VITRIFRIGO Fancoil WMF017WF21 is the ideal choice for those seeking a reliable, efficient air conditioning system tailored to the specific needs of the maritime sector. With its reputation for quality and superior performance,

this Fancoil stands out as an excellent solution in the air conditioning market.

Technical specifications VITRIFRIGO Fancoil WMF017WF21:

Power supply: 230V/1ph/50Hz

Width: 625 mm.

Height: 383.5 mm.

Depth: 352 mm.

Processed air flow rate (mc/h): 650

Nominal capacity (BTU/h): 16,980

Absorbed current (A): 0.38

Power consumption (W): 87

Product features:

Length (mm): 352

Width (mm): 625

Height (mm): 383.5

Power consumption (W): 87

Feed Type: 230V/1ph/50Hz

Absorbed current (A): 0.38

Portata aria trattata (mc/h): 650

Rated capacity (BTU/h): 16980
