Product description:

HONDA HSS1380AETD tracked snow blower 8.7kW

HONDA HSS1380AETD tracked snow blower is a snowplow equipped with tracks that allow for greater traction, capable of delivering 8.7KW of power.

For beginners, we have the world's most reliable motors that start and run smoothly even in subzero temperatures. Then there are the many unique Honda HSS1380AETD innovations built into the machines, from the automatic cutter stop to the smallest safety bolt. Once it's all assembled, Honda 8.7KW gives you the best snowplow available anywhere in the world.

HONDA HSS1380AETD tracked snow blower offer increased traction in most snow conditions and make this snowplow ideal for rough terrain and gravel paths. They don't slip and slide, even on the steepest slopes, you're in full control.

Throwing snow a distance of 17 feet takes a lot of effort. To do the same job, it would take many people equipped with shovels. However, the Honda HSS1380AETD tracked snow blower GX390 4-stroke engine will get the job done in no time. This engine is as reliable as it is powerful, is easy to start, and is designed to produce low noise, vibration, and emissions. Thus, these snowplow are the quietest and most comfortable to use. And because they consume very little fuel, they're less expensive than a crew of workers equipped with shovels.

TECHNICAL SPECIFICATIONS HONDA HSS1380AETD tracked snow blower:

Net power: 8.7 kW

Fuel : Petrol

Engine model: Honda GX390

Engine type: 4-stroke

Starter system: Recoil / Electric

Auger clearing width (mm): 810

Clearing height (mm): 510
Clear capacity (tonnes/h): 65
Throwing distance (m): 17
Discharge chute adjustment: Electric double stages
Traction type: Hydrostatic
Drive: Tracks
Guaranteed sound power level dB(A): 103
Length (mm): 1500
Width (mm): 825
Height (mm): 1125
Dry weight (kg): 135

Product features:

Fuel: Gasoline
Engine: Honda GX390
Engine rpm (rpm): 3600
Ignition: Recoil
Starting system: Manual / Electric
Working width (mm): 810
Working height (mm): 510
Capacidad máxima (t/h): 65
Speed (Km/h): 0-3.54
Throwing distance (m): 17
Discharge chute adjustment: Electric double stages
Transmission: Hydrostatics
Screw height adjustment: Lever height adjustment of the cochlea
Net power (kW): 8.7
Fuel tank capacity (L): 5.7
Consumption (L/h): 2.59
Running time (h): 2.2
Acoustic power: 103 dB(A)
Length (mm): 1500
Width (mm): 825
Height (mm): 1125
Dry weight (Kg): 125
Traction type: Track laying
Engine manufacturer: Honda
